5) General Report/Update on Library Issues by Venessa Cancio

• From previous Library Committee Meetings, there are a few subjects that the committee would like to discuss:

- Does the library have a first-shooter protocol? Is there a plan in place if a situation like this occurs?
- Fine Policies and Procedures: How are we actively making sure that our library materials are not being lost by patrons not returning items? If items are not returned, what are the penalties? Is there a way to better enforce these penalties? Is the library losing too much money yearly on items never returned?
- Is there a way to revoke computer privileges if a patron has not paid significant fines? Can we have both CASSIE and SIRSI on the computer aide computer in order to check for substantial fines before giving a patron a computer?

6) Member Reports
